

GLOBAL
ENGINEERING
COMPETITION

2020

Who are we expecting?

Anyone with Engineering Skills.

Global Engineering Competition 2020 is an online engineering competition event organized by Engineers around the world.

What's in it for you?

The best of the projects shall win an investment of 10,000 US Dollars.

Participants shall receive certificate of participation, and their projects shall be listed on our website.

The submissions are open until November 20, 2020. The results will be announced on December 20, 2020. To submit your projects, please document every detail of your project in MS-Word (docx) format with Arial Font-size 12. Simulations, Data, Analysis are required wherever applicable. Hardware designs files and prototypes design schematics, if applicable, shall be submitted too. It is requested that you submit all of your reports in a ZIP file format. We will notify you once we have started reviewing your project.
